

## BITE5 Extensions Battery Tester

- Access tight areas
- Protection from Arc Flash Hazards
- Ideal for UPS applications
- Lighted ends
- 90 degree and straight probes
- Concentric tips

### DESCRIPTION

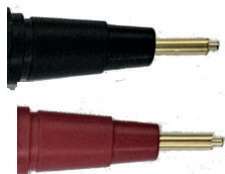

The BITE5 extensions allow the operator to take measurements while being able to stand safely back from the voltages being measured. Take measurements safely outside of arc flash hazard regions. An important safety feature when testing batteries in a UPS system. The lighted probes clearly illuminate the area making it easy to see where the probes are being placed

### FEATURES AND BENEFITS

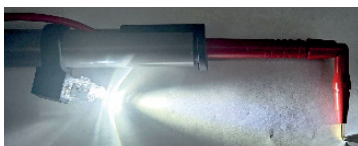

Segmented sections allow for easy length modification.

Small concentric tips minimize the risk of shorting anything.

Lighted ends provide bright illumination.

Straps keep the probe wire from catching on anything.

Extenders support both 3-meter 90 degree probes as well as 3-meter straight probes.

Convenient roll up carry bag allows for easy storage and transport of extenders and all accessories.

# BITE5 Extensions Battery Tester

## SPECIFICATIONS

### Length

**Standard** 34" (87 cm)  
**Each section** 11.3" (28.7 cm)

**Diameter** 1" (2.54 cm)

### Weight

**3 piece rod** 0.75 lbs (340 g)  
**Probe lead length** 90 degree probe 3 m (9.8 ft)  
 Straight probe lead 3 m (9.8 ft)  
 Leads sold separately.

## ORDERING INFORMATION

Description	Part number
BITE5 extension kit (does not include 3 meter lead set)	2016-553
<b>Included accessories</b>	
Probe extension pipe	2015-968

Description	Part number
<b>Optional accessories (For Model A BITE5)</b>	
3 meter right angle concentric probe	90041-193
3 meter straight concentric probe	90041-194
Extension kit with straight probe	1016-069
Extension kit with 90 degree probe	1016-068
Extension kit with straight and 90 degree probes	1016-070
<b>Optional accessories (For Model B BITE5)</b>	
3 meter right angle concentric probe	90043-244
3 meter straight concentric probe	90043-245
Extension kit with straight probe	1016-066
Extension kit with 90 degree probe	1016-064
Extension kit with straight and 90 degree probes	1016-067
